Ordinance #: 2020-0-30 Permit # RH20

July 06, 2021

Subject: Notice of Violation

Mr. Parrish:

The City's compliance testing revealed a Biochemical Oxygen Demand (BOD₅) concentration of 364 mg/L. The limit is 300 mg/L.

Interim Conditions:

- 1.) Crawford Memorial Hospital shall take steps necessary to reduce the BOD₅ discharge concentration below their permitted values.
- 2.) Any future discharges from Crawford Memorial Hospital that show non-compliance with Permit # RH20 shall be subject to fines and further enforcement action.

If you have any questions concerning this notice of violation of the City of Robinson Pretreatment Program, please feel free to contact me at (618) 562-0040.

Sincerely,

CITY OF ROBINSON
